

Demonstration: Graphical Evolution Tool

A modelling environment supporting the
development in Akogrimo

Presenter:

Robert Woitsch,

Margit Schwab

BOC Asset Management (BOC)

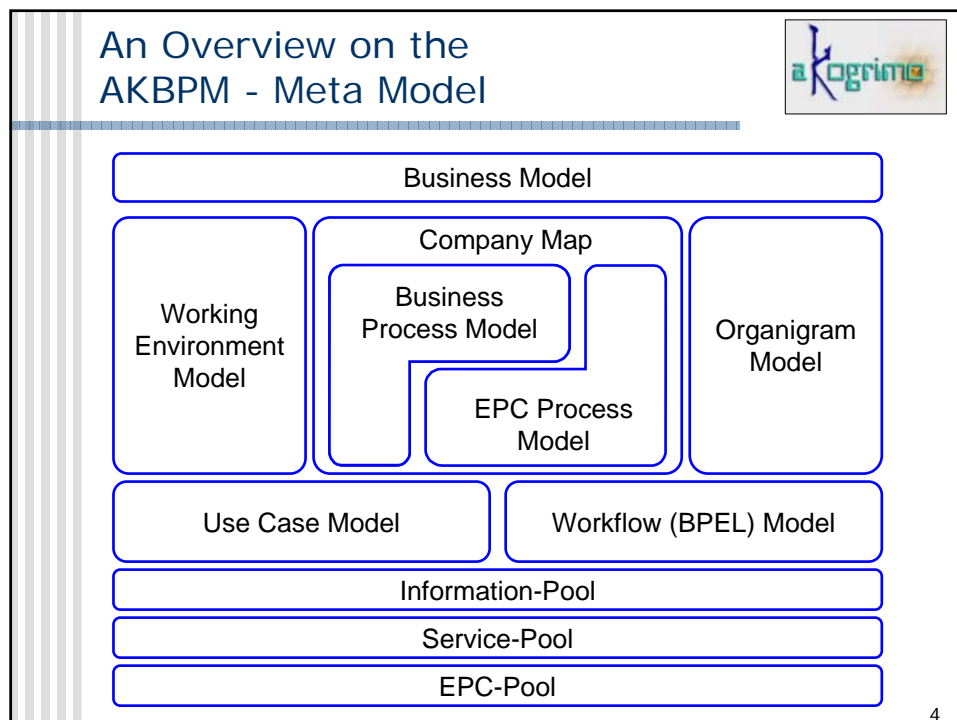

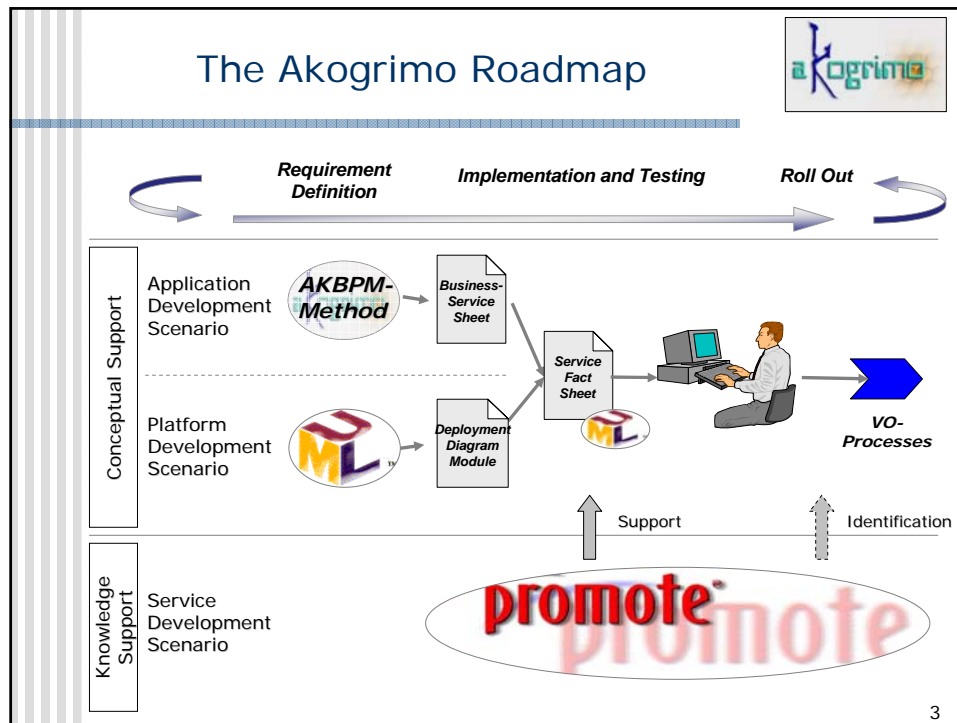

The Challenges of GET to Support Akogrimo

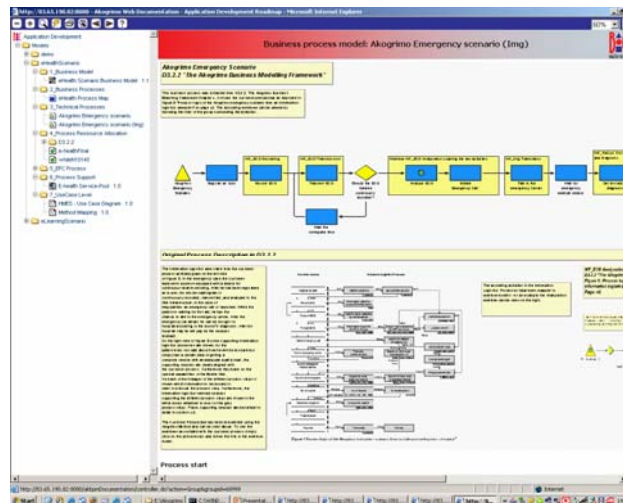

**How to support application providers to
build applications on top of Akogrimo?**

**How to support platform providers to
maintain and host Akogrimo?**

**How to support service providers to
implement services for Akogrimo?**
